

# Geronimo Trails Shoot Out Event Updates

## Ramblings in no particular order

Welcome to the GTSO event update page. The updates will be added as they unfold, occur and are known. Even with the best game plan possible, the opposing Murphy team has a pitcher that can throw a wicked curve~! So, check back here on occasion for new updates and every attempt will be made to keep participants informed right up to the match dates. Please feel free to reach out to any of the contacts on Home Page for information.

### Eats and Treats

Saturday night dinner will be the renowned brisket and pork traditional GTSO is known for.

New this year we will be feeding participants on Friday night as well!

Our world renowned chef will provide a fish fry with trimmings.

The local 4-H State Champion Shotgun squad and cohorts will have breakfast burritos and sandwich type lunches + for sale .

They tentatively plan a pancake breakfast for Sunday morning.

### Wild Bunch Categories

Range access this year will be the either gate. Look for the orange sandwich sign at the gravel pit entrance. The road has been worked and in good condition even for large RV's. The North entrance has been repaired from last falls flood but use South if you have an RV. There may be a landowner camping group utilizing the "Grove" area to some extent for the weekend, so maybe it's best to plan a dry camp up at the range. We do not know for sure as of this time. Unfortunately, the Grove area is not part of our lease, but we are welcome to use it if no landowner plans are pending. Will update as soon as more info is available. Check back!

---

Check river and road conditions on Home Page.

Shaping up to be a fabulous good time~!

Check back as updates will be added.

We hope to have scores posted on Practiscore by Sunday evening and a link on the website by Monday evening. Query - Gila Rangers GTSO 2023 - in "Scores" on Practiscore website.

---

If you are signed up for Wild Bunch and plan on shooting Long Range events, we will be starting LR a half hour sooner than the posted schedule due to an unexpected number of WB entrants. Try and be early so you can get completed with Long Range. And WB may run a little long.

---

New this year.... A small store with an RV park is open  $\frac{1}{4}$  mile from the Fowler City entrance. They have full hook ups for RV's. Power, water and maybe something else. Cost is about \$40 per day. They have around 10 spaces and some cabins. A few attendees have already reserved so it is not clear what is still available. Info:

4 Seaysons RV, Lodge and Store

1-575-284-5540

If coming from the north, be advised NM 152 over the Back Range is closed for repairs. Will not open until the first part of June. If you had planned using that route, you will need to go around thru Hatch and Deming. About 20 minutes longer.

Final preparations are mostly complete for GTSO.

This is the final update.

Hope to see you soon~!
